

UPDATED COMPLIANCE WITH CDC RECOMMENDATIONS DURING IN-PERSON SANCTUARY WORSHIP SERVICES

FPCGV now requires both vaccinated and unvaccinated worshipers alike, to wear a mask and social distance during in-person sanctuary services due to rapidly accelerating Delta variant cases of the Covid-19 virus in the area. A single singer at the front of the sanctuary will sing selected hymns, while worshipers hum along softly. Christ charged us with loving and caring for one another. Wearing a mask and social distancing is a powerful way to demonstrate your love as a Christian to everyone around you. Your support and cooperation in loving and protecting one another is deeply appreciated. If you feel unable to comply with these requirements for in-person worship, please join us for worship on Zoom or Facebook Live. May the peace of Christ be with you all.

Thank you,
The Session
